Notice to Property owners

You are hereby required on or before Jan. 1st 1907 to destroy the gypsy and brown-tail moths on your property

This notification is in accordance with Chapter 381, acts of 1905 which requires cities and towns to destroy the eggs, pupae and nests of the gypsy and brown-tail moths under heavy penalty for failure to comply with the provisions of the law.

If a property owner fails to destroy such eggs, pupae and nests, then the town is required to destroy the same and the cost of the work, in whole or in part, according to the value of the land, is assessed upon and becomes a lien on the land. (See Section 6 Chapter 381 on opposite page.)

The Selectmen ask owners and tenants to cooperate with the town in its work on highways and other public grounds by doing effective work on their premises. Citizens who have cleared their premises of the moths but find their trees endangered by the neglect of owners of adjoining estates, should make complaint to the Selectmen. The infestication of a residential neighborhood by ~~the~~ a few will not be tolerated.

The eggs of the gypsy moth should be destroyed at once with creosote. They should never be scraped off the object on which they are laid. The nests of the brown-tail moth should be cut off the trees, carefully collected and burned in a stove or furnace.

Full instructions as to best methods of work against the moths may be obtained from the local Superintendent James Phillips or from the State Superintendent, Room 1011, 6 Beacon Street Boston, Mass.

In case of doubt as to efficiency or cost of work done by contractors, you should consult with the local Superintendent.

To the Town Clerk of the Town of Eastham

We the undersigned, duly qualified voters of the Town of Eastham, respectfully represent, under the provisions of Section 300, Chapter 570 of the Acts of 1907, that we have reason to believe and do believe that the records or copies of records made by the election officers of the Town of Eastham with reference to the election held Nov. 8, 1910, are erroneous in respect to the number of votes cast for Thomas C. Thacher of Yarmouth, Robert G. Harris of East Bridgewater and John McCarty of Abington, who were candidates for the office of representative in Congress at said election in and from the Fourteenth Massachusetts Congressional District, and we believe that a recount of the ballots cast in said town will effect the election of one or more candidates of the three named above.

Art. 1, Elected Fred F. Dies Moderator sworn by the Clerk.

Art. 2 Voted to waive the reading of the Reports of the Town Officers and to hear the report of the Committees. William B. Higgins reported for the Committee on Town Dumps as follows: In So. Eastham land has been purchased of Edward E. Snow for that section and dump located, in Eastham Center a change in the proposed location of dump had been made from the so-called Paterson property to land of Alfred C. Olive on the west side of the Town road in a Northerly direction from the house of the said Olive now under construction. Mr. Olive has agreed to sell one acre of land to the Town for the sum of $50.00 for that purpose, it was voted to

raise and appropriate the sum of $50.00 for the purchase said land for said dump. Owing to the inability of the Committee to locate the owner of land at No. Easetown which is now being used for a dump, they are unable to take definite action relative to locating a permanent dump at that point at this time. Sec. Sam'l F. Smith reported for the Committee relative to naming and listing the Town roads and streets. The Committee has made investigation and find there are twenty-seven roads for which signs will be needed and asked for one more member, preferably a carpenter to be added to that committee, whereupon Harry T. Howe was appointed, the said Committee then reported the estimated cost to the Town of signs post and labor for placing the signs would approximate $203.50. The Town then voted to raise and appropriate the sum of $200.00 for this purpose and the Committee were authorized to carry out this recommendation. Fred F. Dix reported for the Committee on Town Landings. Owing to the inability of the Committee to come to terms with the various land owners it seems impossible to obtain said landings by this Committee. Voted to give this Committee non-standing, full power and authority to purchase land for said above. William D. Stone in open meeting offered to give land to the Town for a road 2 rods in width from the Town Road to Scott's Brook, provided the Town will vote to lay out a road to the said Scott's Brook for a Town landing. The Committee upon investigation of the cost of work, in stone bridges, reported in so far as the work involved would require the service of a dredge - and the figures ($25,000.00) reported by Mr. F. G. Hatch of the Committee was the amount which would be paid for the work. Report of this Committee laid on the table.

Meeting called to order by the Moderator at 8 o'clock, tellers appointed Arthur E. Brown and Ernest M. Moore and sworn by the Moderator.

Voted to take up the articles in the order of the warrant.

Art. 1 Mr. Stanley M. Walker, Chairman of the Committee appointed at Annual Town Meeting Feb. 2, 1932, to investigate the building of a new school building and all details, also to see what could be done to the present school to make it suitable for further use, reporting that after investigation it was found that a new school suitable for the needs of the Town would cost from $30,000. to $35,000. depending upon which building was chosen. The Committee found the cost of renovating the present school building amendable to State regulations would be from $10,000. to $12,000. which in their opinion would be prohibitive owing to fact that it would not materially increase the floor space and in the end have an old building which would soon become inadequate for our needs. Plans were shown of several new buildings, a model was also shown. In view of the fact that the Town must of necessity have more school rooms and sanitary conditions the Committee recommends that the Town build a four room brick school, with assembly room and toilets in basement cost not exceed $35,000. Mr. Pratt, Supt of Schools was allowed to speak on the question and gave some interesting views on the matter of school needs.

Art 2 It was moved and seconded under this article by Geo. G. Smith and Chas. G. Gems as followings

This motion was put to vote and the result was 50 in favor 32 opposed, as it must be carried by two-thirds vote the motion was lost.
Voted not to remodel the old school.
Motion to continue the present committee for one month to bring in more definite figures on school building and price of school house site was lost by vote.
Voted 67 in favor to 6 opposed to build a new school building
Voted to reconsider vote under this article on the appropriation of money in the sum of $35,000 48 in favor 12 opposed.
